

Pytheas Club Open Evening

In mid-October the 'Spirit of Montanaro' will be loaded into a container at Tilbury Docks, Essex for her journey to La Gomera, the start line of the 2009 Woodvale Atlantic Rowing Race. The crew will follow four weeks later.

Jimmy and Adam invite you to join them on Friday 9th October for an evening by the river with drinks, speeches and a charity raffle in support of Save the Children.

The evening is an opportunity for everyone who has supported Jimmy and Adam and anyone who is interested in the Challenge to come and see the boat, look inside the cabin, try out the rowing positions and hear the crew's thoughts as the race draws near.
